# Directory of Registered Private Vocational Schools 1977

Government  
Publication

## Registration of Private Vocational Schools

Private vocational schools offering one or more of the training categories indicated herein are required to register under The Private Vocational Schools Act.

Registered schools are required to make application for re-registration annually. Only those schools which applied by January 31, 1977, for 1977 registration are listed in this directory. Supervision of the operation of registered schools includes the approval of all advertising copy, graduation requirements, and fees charged for the courses. It also indicates that teacher qualifications are in accordance with the Act and that the courses registered have been reviewed for their validity.

Approval is required of accommodation, equipment, lighting and heating facilities.

This is a *partial* list of courses conducted by the schools.

Information regarding individual courses may be obtained by communicating directly with the appropriate school listed, or by contacting the Private Career Education Council at P.O. Box 157, Agincourt, Ontario M1S 3B6, for information about its member schools.

The PCEC is a professional association of private vocational schools in Ontario. In the address section of the directory, the designation "PCEC" denotes member schools.

Many separate courses are available in each subject area. Courses vary widely in what they cover. For example, one course in radio may teach a student to repair radios, another may teach you to be an engineer with a broadcasting company. It is suggested that you write to the schools for complete information, and then choose the particular course you want.

The fact that two or more registered schools offer courses with similar titles does not mean that these courses are of equal merit or will be of equal value to you. It *does* mean that each school truthfully describes its offerings and that the fees charged are considered reasonable for the facilities available, and for the instruction and services rendered.

# Retention and Repayment of Fees

Enrolment in a private vocational school shall be, by means of a contract, approved by the Superintendent of Private Vocational Schools and signed by both the applicant and the school. In the case of a minor below the age of 18, the signature of a guarantor must be included. An original copy of the contract will be held by both parties to the contract.

The following excerpts from Ontario Regulation 881/74, as amended, to the Private Vocational Schools Act, 1974, must be included verbatim on the contractual document.

## Section 19

A private vocational school may charge a registration fee which shall not exceed 10 per cent of the total cost of the course of instruction or \$50, whichever is the lesser, and such registration fee shall be applied to the total cost of the course of instruction.

## Section 20

(1) Where a person has contracted for a course of instruction at a private vocational school and gives notice in writing by registered mail to the private vocational school at least twenty-one days prior to the commencement date of the course of instruction, of his intention not to commence the course of instruction, the private vocational school shall refund any money paid for or on account of the fees by or on behalf of the person, except for the registration fee referred to in section 19.

(2) Where a person has contracted for a course of instruction at a private vocational school and gives notice in writing by registered mail to the private vocational school at any time prior to the commencement date of the course of instruction, but less than twenty-one days prior to such commencement date of his intention not to commence the course of instruction, the private vocational school shall refund any money paid for or on account of the fees by or on behalf of the person except,

- (a) the registration fee under section 19; and
- (b) 10 per cent of the fees for the whole course of instruction.

(3) Where a person has contracted for a course of instruction at a private vocational school and gives notice in writing by registered mail to the private vocational school after the

commencement date of the course of instruction, of his intention to cease taking the course of instruction, the private vocational school shall refund any money paid for or on account of the fees by or on behalf of the person except,

- (a) the registration fee under section 19;
- (b) the proportion of the fees for the whole course of instruction that the part of the course of instruction supplied and serviced up to the time of receipt of the notice bears to the whole course of instruction; and
- (c) 10 per cent of the difference between the fees for the whole course of instruction and the proportion of the fees that the part of the course of instruction supplied and serviced up to the time of receipt of the notice bears to the whole course of instruction.

(4) Where it is necessary for a private vocational school to supply equipment in addition to written material for a course of instruction and the equipment is supplied to a person and the private vocational school receives from the person a notice under subsections 1, 2 or 3, the private vocational school may make a charge, not exceeding the equivalent retail cost to the private vocational school, for the equipment or for the use thereof, as the case may be, except where the person returns all the equipment to the private vocational school unopened or as issued, within ten days of the receipt of the equipment by the person.

## Key

Section 1 of this directory lists the courses available on a residence basis, full- or part-time.

Section 2 lists courses available by correspondence.

Section 3 lists the registered schools that offer the courses listed in the previous sections. The schools are listed in alphabetical order and are numbered sequentially for easy reference.

Should you be interested in either a residence or a correspondence course, turn to Section 1 or 2 respectively. The codes accompanying each course listing refer to the schools shown in Section 3 which offer that course.

An asterisk (\*) in Sections 1 and 2 indicates that a course consists of a combination of residence and correspondence instruction. The residence portion is usually the last part of the course.

## SECTION 1: Residence Courses

| Courses                                 | Schools                                       |
|---|---|
| Accounting                              | 98, 101, 112                                  |
